INERT INGREDIENTS:

Surfactants 50.05%

CAUTION
KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE ON BACK PANEL

Contents: 32 FL OZ (946 ML)

MQXLBa32000Rev8

DIRECTIONS FOR USE: SHAKE WELL BEFORE USING. FOR OUTDOOR USE ONLY.

TO MIX A STORAGE DRUM FOR AUTOMATIC MISTING SYSTEMS: Fill the storage tank half full with water. Add Mosquito X MC at a rate of 1/2 oz per gallon of water. Fill the remainder of the tank with water.

MOSQUITO, FLIES, SPIDERS, AND OTHER NUISANCE PESTS: Locate nozzles as appropriate to cover protected areas. Mosquito X MC may be used as a dilution in commercial and residential automatic misting systems and around boat docks in misting systems to control spiders and other nuisance pests, and as an aid in the elimination of their harborage areas. Since flying insects can migrate in and out of the treatment area, it is recommended to use this product as part of an Integrated Pest Management (IPM) program. This includes, but is not limited to, eliminating breeding and harborage areas.

STORAGE AND DISPOSAL:

Store between 50 and 100 degrees F. Do not store product in direct sunlight or below 40 degrees F. Keep lid closed tight when not in use. When empty, rinse the container and place in trash or present for recycling.

SYSTEM COMPATIBILITY: In some systems there may be compatibility issues with some components of the system. It is recommended that you test the compatibility of Mosquito X MC before final installation and use.

PRECAUTIONS: CAUTION. May cause skin and eye irritation. Avoid contact with skin, eyes, and clothing.

FIRST AID:

If IN EYES: Hold eye open and rinse slowly with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing the eye. Call a physician if irritation persists.

If ON SKIN: Wash exposed area thoroughly with soap and water.

If INHALED: Move exposed person to fresh air. If breathing problems persist, get medical attention.

If INGESTED: Rinse mouth with water. Do not induce vomiting. Seek medical attention if feeling nauseous, or if deemed necessary.
