ACTIVE INGREDIENTS:

Garlic Oil 27.29%
Thyme Oil Red 5.0%

INERT INGREDIENTS:

Surfactant 67.71%

EPA Exempt FIFRA 25(b)

8 FL OZ (236 ml)

DIRECTIONS FOR USE (SHAKE WELL BEFORE USING)

TO USE: Apply a mist to grass, shrubs, trees, and standing water. Be sure to spray the underside of leaves. Use care when applying to flowering plants, especially in direct sunlight.

GRASS AND GROUNDS APPLICATION:

- **Spray Rig:** Mix 1 - 1.5 fl oz (3.2% - 4.8% a.i.) Mosquito X Ultra per 10 gallons of water. Use a heavy mist and apply at a rate of 20-25 gallons of finished solution per acre, or about ½ gallon per 1,000 sq ft. Dense foliage may require heavier application.
- **Fogger:** Mix 0.5 fl oz (16% a.i.) Mosquito X Ultra per gallon of water. Use a sufficient amount of solution to ensure adequate coverage.

STRUCTURAL TREATMENT:

Apply Mosquito X Ultra directly to outside of structures and along the ground around the perimeter to control mosquitoes and prevent them from entering the structure.

STORAGE AND DISPOSAL:

Store between 40° and 100° F. Do not store in direct sunlight. Keep lid tightly closed when not in use. Rinse and recycle the container when empty.

PRECAUTIONARY STATEMENTS: CAUTION: KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes and mouth. **If In Eyes:** Flush eyes with water for 15 minutes. **If Inhaled:** Move victim to fresh air. **If On Skin:** Wash affected area with soap and water. **If Ingested:** Do not induce vomiting. Seek medical attention.

PLEASE NOTE: Indoor use is permitted only in animal barns, stalls, and resting areas. Do not apply this product directly to humans or animals.
